Soy Candles? What are Soy Candles?

Soy candles are clean-burning, long-lasting, aromatic (when scented) candles made of waxes produced from the oils of soybeans. Unlike petroleum-based paraffin wax, soy wax comes from a non-toxic, plant-based, renewable resource. All **Pure Ambiance by Ivory** candles are hand-made locally with high-quality oils, lead-free wicks, and waxes from soybeans grown in the U.S.A. without the use of pesticides or herbicides. Show support for your local school/organization by choosing to purchase eco-friendly soy candles through this fundraiser! Visit www.PureAmbianceByIvory.com for more info on soy candles.
